# 36<sup>th</sup> LEN EUROPEAN WATER POLO CHAMPIONSHIPS

3rd-16th Jan 2024

**Revital Gluska Cohen**  
President  
Israel Water Polo Association

## Shalom Water Polo community,

On behalf of the Israeli Water Polo Association (ISRWP) and the local organizing committee, I am glad to welcome the national teams of the LEN European Water Polo Championships which will take place at the Wingate Institute in Netanya, Israel.

In 2021, for the first time, Israel hosted an international water polo tournament - the FINA World U-20 Women's Water Polo Championships, next was the European Women's U-19 just last July. Both events were very successful, and we are doing our utmost that these upcoming championships will reach the same heights.

I would like to thank LEN for the honour given to the Israeli Water polo association to host this significant event.

We are excited to host in Israel 32 European national teams and guests. I thank the athletes, coaches, professional assistants and team managers for their participation and cooperation. In addition, I would like to thank the Ministry of Sport and Culture headed by Minister Miki Zohar, the city of Netanya and its Mayor Ms. Miriam Feirberg and all our sponsors for supporting throughout this special event.

Our local organizing committee (LOC) is doing its best to prepare all needed services for the participants. Basic information about the venue and training facilities, will be provided hereinafter. We would like to wish you all successful championships and a delightful time in Israel.

Kind regards,  
Revital Gluska Cohen  
President of the Israel Water Polo Association

3rd-16th Jan 2024

**Antonio Silva**  
LEN President

I am very happy to write this welcome message for the Info Bulletin of the next edition of European Water Polo Championships Israel 2024 which will take place in Netanya.

The promotion of this discipline of aquatics is a priority for LEN. The LEN Bureau has recently approved a new "LEN Water Polo Growth Strategy" – which is the fruit of 6 months of consultation with stakeholders – that aims to encourage more participation, from more countries as well as building a new fan base and media interest.

The LEN European Water Polo Championships will play a key role in this, not only because it is the biggest event in the international calendar for nations, but because the 2023 edition is taking place in Netanya, Israel, rather than one of the more traditional European homes of water polo.

But as well as providing a great platform to encourage development of the sport, Israel 2024 will offer a perfect environment for the best players in Europe to perform at their very best. The pool already served LEN well at the 2015 Short Course swimming championships held in Netanya, and the organising committee, with full support from LEN, are hard at work to make sure all aspects of organisation are of the highest standards.

As part of the new path of LEN towards transparency and inclusion, there will be, for the first time in history, an equal number of male and female teams, with 16 of the best nations in Europe taking part.

I would like to thank all those in Netanya and the state of Israel, as well as the LOC and LEN sponsor partners for their constant support. We are getting set for a wonderful competition that opens in the first week of January 2024 and will help make the New Year a great one for European Aquatics.
